NO HITCH IN NEGOTIATIONS

Russia's Official Reply to President Roosevelt's Note Transmitted to Washington.

HINTS AT AN ALLIANCE WITH JAPAN

Novoe Vremya, in an inspired Editorial Decries Optimism Regarding Peace Unless the Japanese Recognize Russia as an Asiatic as well as a European Power—M. Witte to go Abroad.

Washington, June 13.—Assurance is given here by the highest officials that there is no hitch in the peace negotiations and that reports to that effect are entirely without foundation. A long cablegram was received from Mr. Meyer, the American ambassador at St. Petersburg late Saturday night which was not deciphered at that time. It was generally supposed to have been the Russian reply. The contents of this cablegram have not yet been made public but it is believed that Mr. Meyer in his dispatch indicated the responsive form which he expected the Russian answer would take when formally communicated.

St. Petersburg, June 13.—Russia's official reply is now on its way to Washington. Foreign Minister Lamsdorff transmitted it to Ambassador Meyer and later the ambassador had an interview with the foreign minister at the foreign office.

All the attempts to create an impression that there is the slightest hitch in the preliminary negotiations are absolutely without the shadow of foundation. Foreign Minister Lamsdorff has formally notified several of the continental powers that a meeting of plenipotentiaries to see whether it is possible to agree to terms of peace is assured. Now that Russia has received formal notification that Japan has sent an official and favorable reply to President Roosevelt the Russian official reply will be forwarded and the Associated press feels it is in a position to state positively that the reply will fully respond to the president's message. There does not seem to be the slightest warrant for the gratuitous idea that some correspondents are putting out that Russia is only desirous of ascertaining the Japanese conditions and at the same time gain a better position for her army in Manchuria.

M. Witte, president of the committee of ministers is leaving St. Petersburg for abroad in two weeks. This very significant announcement is coupled with the statement that he is going "on public business." His visit was instantly associated with the peace negotiations and it is possible that Emperor Nicholas has decided if a reasonable basis for negotiations is offered by Japan to make use of the services of the ablest and strongest personality in the empire.

It being Monday the papers print only telegrams but the Novoe Vremya makes a note for a remarkable editor-

tal which may be inspired depreciating optimism among the diplomats at the present movement. "Unless Japan under the slogan of 'Asia for the Asiatics' should recognize that Russia in her origin, history and destiny is an Asiatic as well as an European power and be ready not only to conclude peace but alliance."

The Novoe Vremya adds that it has always "preached the doctrine that Russia is the bulwark of Europe against the yellow peril." The editorial attracted instant attention. The paper dwells on the idea that Russia barred from the west and following inexorable laws must spread eastward to reach her natural boundaries and warm water, refers to the case of her conquests on her right flank over the tribes of Turkestan and Central Asia and concludes: "If Japan can only recognize that Russia must remain an Asiatic power as well as herself a durable and permanent peace is possible."

The reformers breathed a sigh of relief over the announcement in the Gazette that M. Pobedonostsev, procurator-general of the holy synod, has sufficiently recovered his health to go abroad and try a course of treatment.

Cassini Confers With President

Washington, June 13.—Count Cassini the Russian ambassador, had a half-hour conference with the president Monday. At its conclusion Count Cassini returned at once to his embassy, declining to discuss in any way the object of his visit. That the conference related to the reply of the Russian government to the proposition made by President Roosevelt last Friday, is known; but whether Count Cassini presented to the president formally the response of Russia could not be ascertained. It can be said however, that the reply of the Russian government already had been received by the president before his interview with Count Cassini.

Later it became known officially that Ambassador Cassini called to express the Russian government's consent to the President's proposition and to state that Russia would appoint plenipotentiaries to meet the plenipotentiaries of Japan to discuss the question of peace. The place of meeting at present is being discussed.

Indiana Glass Factory Burned.

Kokomo, Ind., June 13.—The Jenkins glass factory which is the local plant of the National Flint Glass company was destroyed by fire early Monday with a loss of \$123,000. The plant will be re-built at once. It was believed that one or more lives had been lost but the missing have been accounted for. No one was hurt.

Led to Jail by His Father.

Fort Scott, Kan., June 13.—Wm. Myers, son of Policeman Nick Myers of this city, shot and instantly killed his wife on the street here Sunday. He used the revolver belonging to his father, who was asleep. Five shots were fired, three taking effect. Jealousy, it is alleged, was the cause. After the shooting the young man went to his father's house, gave himself up, and his father took him to jail and turned him over to the sheriff.

FLOOD IN THE MISSISSIPPI BROKE ALL SPEED RECORDS

River Eight Miles Wide Between Hannibal, Mo., and Keokuk, Ia.

MILLIONS OF DOLLARS IN CROP LOSSES

Rich Bottom Lands Along the Valley Inundated and Growing Crops Ruined—Several Lives Lost and Miles of Railroad Track Washed Away—Much Livestock Drowned.

St. Louis, June 13.—Millions of dollars in crop losses, the sacrifice of an unknown number of lives, the sweeping away of miles of track and many bridges of the Rock Island and Burlington and other railroads, the flight of valley residents from breaking levees, the frantic efforts of hundreds of men against the encroachments of the rapid rise of the waters at Keokuk, Hannibal, Quincy and other Mississippi river towns, and the warning of the weather bureau that a further rise is inevitable, are the features of special telegrams received by the newspapers here regarding conditions in the flood territory. The Wabash is the only line at Keokuk that escaped damage. The flood which raised the waters of the Mississippi eight and one half feet in six hours swept away three miles of the Burlington track. The Rock Island bridges are said to be gone as far west as Elder, Ia.

Alarming reports come from Maj. K. Meigs, government engineer, who made a trip to the Lima lake levee on the Illinois side of the river Monday. He says water is already seeping through the levee, and although hundreds of men are working day and night to strengthen the weak places, the fissures are large enough to permit the passage of good-sized fish. If the forecast of Weather Observer Gosewisch, in charge of the flood conditions on the upper Mississippi, that another big rise may be looked for Tuesday, prove correct, untold damage may be inflicted on crops and property. Farmers in the lowlands are fleeing for their lives, taking as much with them as possible.

The Flood at Hannibal.

Hannibal, Mo., June 13.—The flood in the Mississippi river has spread over all the unprotected lowlands and is from five to eight miles wide between here and Keokuk, Iowa. Near Alexandria, Mo., a former named Riley Smallwood was drowned and seven other persons are reported missing. Great numbers of bodies of all kinds of live stock are floating past Hannibal and from Alexandria, Canton, Memphis, West Quincy and Keokuk reports have been received of the general loss of live stock. The flood came so suddenly that the farmers in the lowlands had no time to do more than save their families, and live stock was left to perish.

The river continues to rise here at the rate of three inches an hour and an army of men is at work in the lower portion of Hannibal trying to save property. The railroad yards and factory district are inundated. All available boats are making trips up and down the river rescuing persons who escaped to points above the water line. Many of the small levees have broken, but the Sny levee, which extends along the east side of the river for 75 miles still holds, although gangs of men have been constantly employed repairing fissures. The property loss already suffered it is estimated, will run into several millions.

River Falling at Keokuk, Ia.

Keokuk, Ia., June 13.—After reaching the 18 foot mark, the Mississippi river here is now falling, as is also the Des Moines river. Other levees on the Missouri and Illinois shores are now out of danger.

THE BOWEN-LOOMIS CASE.

Secretary Taft Listens to Testimony of Clyde Brown Regarding the Charges Against Mr. Loomis.

Washington, June 12.—Before leaving Monday for West Point Secretary Taft conducted another hearing in the Bowen-Loomis inquiry. Clyde Brown, treasurer of the American Asphalt Co. was heard regarding the check which was said to have been exchanged between Mr. Loomis and the asphalt company. The testimony of Mr. Brown was confirmatory of the contention of Mr. Loomis to the effect that the transaction was a matter of ordinary exchange for the sake of convenience. Mr. Brown produced the books of the company showing the receipt of Mr. Loomis' check for \$5,000 and the payment to him of a check for the same amount calling for American money. Ira Atkinson, an official of the asphalt company, also testified. He was one of those mentioned by Harry Unwin as probable sources for information regarding a rumor said to have been heard to the effect that a certain check passing through the offices was intended for Mr. Loomis. Mr. Atkinson denied that he had ever stated such a thing.

Pennsylvania Railroad's New Train Between New York and Chicago Makes Remarkable Record.

RATE OF 127.3 MILES AN HOUR SHOWN

Each Train Arrived at Destination Ahead of Time—Hot Box on Tender Caused a Loss of 26 Minutes While Crossing Ohio Which Was More Than Made Up Before Chicago Was Reached.

Fort Wayne, Ind., June 13.—All world's railway speed records were broken Monday morning by the Pennsylvania special in the run from Crestline to Fort Wayne. Three miles in 128 1/2 seconds, or a speed rate of 127.3 miles per hour, was shown in the vicinity of Elida, Ohio.

Made up 29 Minutes.

Chicago, June 13.—On its initial run from New York, the Pennsylvania railroad's 18-hour flyer, "the fastest long-distance train in the world," arrived in this city at 8:52 o'clock Monday morning, three minutes ahead of the schedule time. In order to accomplish this feat, extraordinary achievements in the way of fast running were necessary. After leaving Pittsburg the tender of the big Atlantic type engine which had been attached at that city for the run to Crestline, Ohio, developed a hot-box about 20 miles east of Mansfield, Ohio. The engineer stopped his train and 15 minutes were lost in futile efforts to cool the troublesome axle. Finally a freight engine was attached and the train limped into Crestline. Here the regular engine was in waiting and when the "flyer" left the latter place it was 26 minutes late. The run to Fort Wayne, 131 miles away, was made in 114 1/2 minutes, an average of 68.6-10 miles an hour. When the train pulled out of Fort Wayne for the last lap of the long journey it was only 9 1/2 minutes late, 16 1/2 minutes of the lost time having been made up. Miles were frequently reeled off in from 41 to 50 seconds and an average speed of a mile a minute was easily maintained over long stretches of track.

President Underwood of the Erie railroad was a passenger. He explained that there was no especial significance attached to his making the journey to Chicago on the first run of the new train. He said he had an engagement here at 9 o'clock Monday morning and he took advantage of the facilities offered by the Pennsylvania to keep his appointment. He spoke in high praise of the train and its appointments and complimented the train crews on their splendid work.

Already the Pennsylvania railroad officials are discussing the possibility of reducing the running time between Chicago and New York to 16 hours and it is not improbable that such a schedule may be attempted in the near future.

Mile in 35 Seconds.

The first east-bound train of the Pennsylvania new 18-hour service between New York and Chicago arrived in Jersey City at 9:22 a. m. Monday three minutes ahead of schedule time. The running time of the train from Chicago to Jersey City was 17 hours and 47 minutes. The engineer of the train said, on arriving, that a short distance east of Hobart, Ind., the train covered a mile in 35 seconds.

THE SUBWAY BLOCKED.

New York's Great Underground System Put Out of Business by the Breaking of a Water Main.

New York, June 13.—Underground traffic in New York was practically at a standstill Monday. For more than a mile in the center of the main line of the tube which connects downtown New York with Harlem and the Bronx the tracks were covered to a depth of several feet with the water which poured down in the flood when a big main broke at Park avenue Sunday. All night long steam pumps worked to overcome the tide but even after the main was closed it was estimated that many hours would be required to free the tunnel of water. Both above and below the seriously affected section shuttle trains were operated but they were only scantily patronized. The majority of travelers went through connections, and with the subway blocked they naturally turned to the elevated and surface lines. As a result there were scenes such as have not been witnessed since the strike of subway and elevated employees several months ago. Every train on the elevated lines carried extra cars and every train was filled to its capacity. The surface cars, too, were taxed as they have not been in months.

Swedish Minister Says Good-bye.

Washington, June 13.—Mr. Grip, the minister from Norway and Sweden, called at the state department to take leave before sailing for home on leave of absence. He has not tendered his resignation as minister. Although a Norwegian, Mr. Grip has not been identified with the separatists.

COTTON.

Many Fields in Grass and Outlook Not Promising.

Dallas, Texas, June 13.—The News' first cotton crop report for the season of 1905 is based upon replies from its correspondents at 422 points in Texas and 65 points in Indian and Oklahoma Territories, all written on June 5.

Summarized, they show that the acreage is not yet definitely determinable, for while the picking of cotton will begin within the month in Duvall county, planting is still in progress in many of the counties of the northern half of Texas and even as far south as Montgomery county, while, upon the other hand, weather conditions as such as to render it uncertain whether the late planted cotton will germinate, and furthermore, the reports indicate that many crops are being abandoned because of grass and weeds, the scarcity and high prices of labor, and, in some instances, the ravages of crop pests.

The reports as to acreage indicate the following:

Indian Territory reduced	8.69
Oklahoma	18.51
Texas	18.67

Franks Doings

Mr. Editor of the News as I have not seen nothing from here in some time I will try and write the news of the country.

The farmers are all busy now fighting Mr. Crabgrass.

Doc Lynch and Miss Minnie Jones were united in the holy bonds of matrimony Sunday morning at nine o'clock, Bro. Hooks officiating. She is the oldest daughter of Mr. and Mrs. Bill Jones and is a highly accomplished young lady, while Mr. Lynch is a nice respectable young man. We wish for them much happiness.

Quite a number of Franks people attended the Sunday school celebration at Blue Mound Sunday. Among them we noticed Misses Maggie Martin, Mannie Driver and Ada Baker also some of the Stonewall people were in attendance.

CREEK TRIBAL TAX.

Representatives of the Merchants Obtain Little Satisfaction.

Washington, June 13.—The representatives of the merchants in the Creek Nation who came to Washington to protest against the payment of the tribal taxes will return home at once and pay their assessment.

Monday morning, accompanied by Secretary Hitchcock, they called on President Roosevelt, who informed them that he supported Mr. Hitchcock in his decision to enforce payment and that there was no doubt they would be reimbursed if the supreme court should decide that the taxes are not legal.

When they left the White House the members of the delegation decided that as they had exhausted their resources so far as the courts were concerned, and as they had been unable to obtain relief from the officials here, there remained no course but to pay. This they will do under protest in the hope of a favorable decision from the supreme court.

Monday morning the members of the delegation, accompanied by Secretary Glending of the Kansas City Commercial Club,

Cashier of Bank Under Arrest.

Guthrie, Ok., June 13.—The arrest was made at Lexington Monday, by Deputy Marshal Baxter, of A. S. Hayes cashier of the First National bank of Lexington which failed recently. Hayes is charged on a federal warrant with making false entries to deceive the bank examiner and with making false reports to the comptroller of the currency. The bank was capitalized for \$25,000. The comptroller ordered a fifty per cent assessment made on the stockholders which was paid and afterwards ordered an additional similar assessment, the payment of which was refused. This caused the bank to fail. The assessments were to cover all alleged bad papers held by the bank.

A SCANDAL BREWING.

Investigation of Alleged Theft of Information on Cotton Reports May Take Wide Scope.

Washington, June 12.—It is stated at the department of agriculture that the scope of the investigation into the alleged theft of information concerning the government cotton reports is becoming broader. Facts have been developed indicating that a far-reaching scandal will be disclosed. Reason exists for believing that advance information has been secured by War street agencies bearing on other government reports, especially those dealing with wheat and corn. As these reports frequently influence the market, advance information upon their contents are of great value to speculators.

Edwin S. Holmes, the assistant statistician who was suspended by order of Secretary Wilson, was dismissed by the latter's order Saturday. The secretary has also wired John Hyde, the chief statistician, who is now on the way to Europe on a vacation, to return to Washington at once. The exact purpose of recalling him is not stated, but it is known that he is wanted in connection with the investigation.

MRS. MEYERS GUILTY.

Convicted of Assisting Frank Hottman in the Murder of Her Husband at Kansas City.

Liberty, Mo., June 13.—The jury in the Aggie Myers murder trial Sunday brought in a verdict of murder in the first degree.

This case was brought here from Kansas City on a change of venue.

Mrs. Myers was accused of assisting Frank Hottman to murder her husband Clarence Myers in Kansas City May 11, 1904.

Hottman was the principal witness against Mrs. Myers in her trial here. It is stated by attorneys for Mrs. Myers that a motion will be filed for a new trial and if overruled the case will be appealed. If the present verdict stands Mrs. Myers must be sentenced to be hanged.

In the United States Court

In the Indian Territory, Southern Judicial District at Ada. In the matter of

The application of the incorporated town of Ada for the annexation of contiguous territory.

Now comes the incorporated town of Ada, a municipal corporation duly incorporated under the laws of the state of Arkansas, put in force in the Indian Territory, and would respectfully show to the Court that the corporate limits of said town include an area of five hundred and fifty-nine and ninety one hundredths acres of land, a plat of which is filed herewith and marked exhibit "A" and made a part of this petition. The said map filed showing the original corporate limits is indicated thus:— and the lines indicating the territory proposed to be annexed are marked making a total number of acres proposed to be annexed six hundred and thirty. That all that portion of said map which is proposed to be annexed to the said town of Ada is settled and occupied by citizens of said town as residences and that a number of said parties are business men of said town.

That it would be for the best interests of the people who reside in said town and also for the best interest of the people who live in the part proposed to be annexed that said territory be annexed to said town and the incorporate limits be extended around the said territory and inclose the same in the incorporate limits.

That the territory proposed to be annexed is known and described as follows, to-wit:

The west one-half of the southwest one-fourth of the northwest one-fourth of section thirty-three township four north, range six east, twenty acres; and the west half of the northwest one-fourth of the southwest one-fourth of section thirty-three, twenty acres; and the west one-half of the southwest one-fourth of section thirty-three, twenty acres; the east one-half of section thirty-three, one hundred and sixty acres; the southeast one-fourth of the northeast one-fourth of section thirty-two, forty acres; the east half of the southeast one-fourth of the southeast one-fourth of section thirty-two, twenty acres; the northeast one-fourth of the southeast one-fourth of section thirty-two, forty acres; all in township four, north, range six east of the Indian base and meridian. The northeast one-fourth of the northeast one-fourth of the northeast one-fourth of section five, ten acres; the west one-half of the northwest one-fourth of section four, eighty acres; the southeast one-fourth of the northwest one-fourth of section four, forty acres; the south one-half of the northeast one-fourth of the northwest one-fourth of section four, twenty acres; the northeast one-fourth of section four, one hundred and sixty acres; all in township three north range six east of the Indian base and meridian, containing in all six hundred and thirty acres.

That said question of annexation was submitted to the qualified voters of the town of Ada on the 4th day of April, 1905, and that a large majority of said voters declared in favor of said annexation, which is evidenced by a certificate of said election filed herewith and marked exhibit "B" and made a part of this petition.

That said election was submitted to the qualified voters of the said town thirty days before said election by publication in the Ada News, a newspaper published in said town.

Wherefore the premises considered your petitioner the incorporated town of Ada Indian Territory prays that said cause be set down for hearing at some date fixed by the Court, and that on a hearing thereof the said territory be annexed to the incorporated town of as described herein, and that the Court make further orders in the premises as may seem proper.

B. C. King,

Attorney for petitioner. B. C. King, on oath states that he is attorney for the petitioner in the above styled matter and that the allegations and statements contained herein are true as he verily believes.

B. C. King,

Subscribed and sworn to be before me this 16th day of May, 1905.

James E. Webb,

Notary public.

IN THE UNITED STATES COURT, Southern District of the Indian Territory, at Ada.

In the matter of the application of the incorporated town of Ada, I. T., No. 555, for the annexation of contiguous territory. On this the 15th day of May, A.

D. 1905, at Chickasha, I. T., in chambers, came on to be heard application of the petitioners in the above matter for the annexation of contiguous territory.

It is therefore ordered that a hearing of the above application be had in open Court at Pauls Valley, Southern District of the Indian Territory, on the 20th day of June, A. D. 1905, and that petitioners be duly notified of such hearing by the clerk of the United States Court in Ada, and that said petitioners cause to be published for three consecutive weeks, prior to thereto notice of such hearing.

J. T. Dickerson, Judge U. S. Court, Southern District, Ind. Ter.

United States of America, Indian Territory, Southern Judicial District.

I, C. M. Campbell, Clerk of the United States Court within and for the Southern District of the Indian Territory, do hereby certify that the above and foregoing is a true and correct copy of an order of court made on the 18th day of May, A. D. 1905, at Chickasha, I. T., in chambers fixing date of hearing on application above, filed in my office at Ada, Indian Territory, May 20th 1905, and entered in court journal B, at page 350.

In testimony whereof I hereunto set my hand and affixed the seal of said court, this 20th day of May, A. D. 1905.

C. M. Campbell, Clerk, By A. H. Constant, Deputy.

Now therefore, in pursuance to the above order I will on the said 20th day of June A. D. 1905, at Pauls Valley in open court, or as soon thereafter as the court will hear the same, ask that an order be made by the court annexing the territory described in the above petition to the territory included in the incorporate limits of said town.

All parties will take notice of same, and appear before the court at the said time and place and oppose the said order if they so desire.

This the 22nd day of May, A. D. 1905.
